INFLAMED SKIN TROUBLE ON LEG

Itchy. Scratched and Broke Skin Scalp Also Bothered. Dandruff Scaled Off. Cuticura Soap and Ointment Healed.

513 East 16th St., New York City.l'About two years ago an itching took place just above the ankle. In a short time it became so itchy that at night it prevented me from sleeping and I scratched it so hard

that I broke the skin. The added to the inflammation. My scalp also bothered me. The dandruff scaled off and could be seen plainly in my hair and when combing it would fall like snowflakes. My hair was very dry and lifeless and came out at the slightest touch of the comb.

'The trouble lasted eighteen months when Cuticura Soap and Ointment were suggested to me. After using them for about a month I felt improved and could rest at night. I have no more trouble now thanks to Cuticura Soap and Ointment. My leg and scalp are healed." (Signed) Patrick J. Reilly, August S, 1914.

Michael J. Donovan, who was born in Westerly, the son of Mr. and Mrs. Michael Donovan, and for several years a professional baseball player, is now a full fledged medical doctor. While attending school here he was also a newsboy in the employ of John H. Murphy and played baseball on the side, becoming expert in the game. He began professional baseball with the Oswego team of the New York state league, then with Brockton of the Eastern league, with Evansville of the Central league and with Lincoln of the Western league. He was drafted to the Cincinnati team of the National league, but did not report, as continuation in the game would seriously interfer with his studies for the medical profession. After quitting baseball, he joined the football team of the medical college and was generally conceded to be the best tackle in the west. Dr. Donovan is of muscilar build, stands over six feet high, and weighing about 200 pounds, and is a closely trained athlete, with corresponding mental and moral standing. He saved money sufficient from his earnings as a baseball player to enable him to purue his studies to completion for adission to the medical profession.
